Independent Auditor's Report

To the Governing Board
Sacramento Employment and Training Agency
Sacramento, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the general fund of the Sacramento Employment and Training Agency (SETA), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise SETA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of SETA as of June 30, 2020, and the respective changes in financial position, thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the proportionate share of the net pension liability, schedule of contributions, and schedule of changes in the total OPEB liability, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise SETA's basic financial statements. The supplementary information, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and is not a required part of the basic financial statements.

The supplementary information, as listed in the table of contents, and the Schedule of Expenditures of Federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures in conformity with the *California Department of Education Audit Guide* issued by the California Department of Education, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, as listed in the table of contents, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2020, on our consideration of SETA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of SETA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SETA's internal control over financial reporting and compliance.

SACRAMENTO EMPLOYMENT AND TRAINING AGENCY

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

This section of the Sacramento Employment and Training Agency's (SETA) financial statements presents a discussion and analysis of SETA's financial performance during the fiscal year ended June 30, 2020. Please read it in conjunction with the basic financial statements included in this report.

FINANCIAL HIGHLIGHTS

- As of June 30, 2020, SETA reported a total fund balance of \$3,429,859, an increase of \$43,150 from last year.
- For the year ended June 30, 2020, SETA reported a net deficit of \$42,524,633 in the Statement of Net Position primarily due to the accounting of the net pension liability.
- As of June 30, 2020, SETA's net position reported in the statement of activities decreased by \$6,424,568 primarily due to the accounting of pension expense in accordance to GASB 68.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to SETA's basic financial statements. SETA's basic financial statements consist of three components 1) **Government-wide** financial statements; 2) **Fund** financial statements and 3) **Notes** to the basic financial statements.

Government-wide Financial Statements provide readers with a broad overview of SETA's finances, in a manner similar to a private sector business. The Statement of Net Position presents information on all of SETA's assets, liabilities, and deferred outflows and inflows of resources, with the differences between assets, and deferred outflows of resources less liabilities and deferred inflows of resources reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of SETA is improving or deteriorating. The Statement of Activities presents information showing how net position changed during the most recent fiscal year. Changes in Net Position are reported as soon as the underlying event giving rise to the change occurs regardless of the timing of related cash flows. Thus, some revenues and expenses included in this statement will result in cash flows in future fiscal periods.

Both of these government-wide financial statements distinguish functions of SETA that are 100% supported by grants received and contracts for service. The governmental activities of SETA include Head Start/Early Head Start, Workforce Development, Refugee Support Services, Child Care Food Program, California Department of Education Programs, Community Services Block Grant, and CalWORKS Services. SETA does not engage in any business type activities.

Government-wide financial statements are on pages 12 and 13 of this report.

Fund Financial Statements are groupings of related funding sources that are used to maintain control over resources that have been segregated for specific activities or objectives. SETA uses fund accounting to ensure and demonstrate finance-related legal compliance. SETA maintains one governmental fund, the General Fund.

SACRAMENTO EMPLOYMENT AND TRAINING AGENCY

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental funds balance sheet and the governmental funds statement of revenue, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental funds financial statements are on pages 14-17 of this report.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and government funds financial statements. The notes are on pages 18-35 of this report.

SACRAMENTO EMPLOYMENT AND TRAINING AGENCY

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. For the year ended June 30, 2020, SETA reported a net deficit of \$42,524,633.

Statement of Net Position

	June 30,	
	2020	2019
Assets:		
Current and Other Assets	\$ 11,822,510	\$ 12,513,392
Capital Assets	4,054,918	3,275,221
Total Assets	<u>15,877,428</u>	<u>15,788,613</u>
Deferred Outflows of Resources	<u>20,310,708</u>	<u>23,068,601</u>
Liabilities:		
Current Liabilities	8,419,368	9,276,926
Non-current Liabilities	59,377,935	60,452,657
Total Liabilities	<u>67,797,303</u>	<u>69,729,583</u>
Deferred Inflows of Resources	<u>10,915,466</u>	<u>5,227,696</u>
Net Position:		
Investment in capital assets	4,054,918	3,275,221
Unrestricted	(46,579,551)	(39,375,286)
Total Net Position (Deficit)	<u>\$ (42,524,633)</u>	<u>\$ (36,100,065)</u>

SACRAMENTO EMPLOYMENT AND TRAINING AGENCY

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

Statement of Activities: SETA's decreased net position of \$6,424,568 is primarily due to the changes in the net pension liability. The table below indicates the changes in net position:

	Year ended June 30,	
	2020	2019
Program Revenues:		
Operating Grants and Contributions	\$ 109,425,803	\$ 104,873,319
General Revenues:		
Unrestricted Investment Earnings	43,278	62,188
Total Revenues	<u>109,469,081</u>	<u>104,935,507</u>
Expenses:		
Head Start/Early Head Start	83,312,779	77,292,943
Workforce Development	14,539,456	15,378,834
Other Programs	18,041,414	14,272,764
Total Expenses	<u>115,893,649</u>	<u>106,944,541</u>
Change in net position	<u>(6,424,568)</u>	<u>(2,009,034)</u>
Net Position (Deficit), beginning of year	<u>(36,100,065)</u>	<u>(34,091,031)</u>
Total Net Position (Deficit), end of year	<u>\$ (42,524,633)</u>	<u>\$ (36,100,065)</u>

SETA receives revenue from federal, state, and local grants and contributions on a cost reimbursement basis therefore expenses are usually equal to revenue. The net position decrease is primarily due to the pension and OPEB expenses as well as depreciation expense.

FINANCIAL ANALYSIS OF SETA'S FUNDS

As noted earlier, SETA uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. SETA is a joint powers agency of the County of Sacramento and the City of Sacramento. The County manages most financial functions for SETA including vendor and employee payments and investment activities.

Governmental funds: SETA maintains one major governmental fund, the General Fund. The General Fund is used to account for the operations of SETA. SETA's unrestricted fund balance includes interest income received for unrestricted funds held at the County. Accordingly, interest income is allocable to a particular funding source based on which fund balance earned the income.

As of June 30, 2020, SETA reported a total fund balance of \$3,429,859, which is an increase of \$43,150 compared to total fund balance of \$3,386,709 at June 30, 2019. SETA's fund balance equals the authorized amounts in its custodial checking accounts, any prepaid items, amounts to cover the compensated absences balance, and amounts that are unassigned and spendable.

SACRAMENTO EMPLOYMENT AND TRAINING AGENCY

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

Revenue Analysis: Total revenue received for the year ended June 30, 2020, totaled \$109,469,081. The table below presents the amounts of revenue and the percent of total by source for FYE 2020 and FYE 2019.

Revenues by Source	Revenues Classified by Source Governmental Funds					
	FYE 2020 Amount	Percent of Total	FYE 2019 Amount	Percent of Total	Increase/ (Decrease)	Percentage Change
Grant revenue	\$ 84,949,971	78.00%	\$ 83,241,033	79.33%	\$ 1,708,938	2.05%
Child care food revenue	1,112,500	1.02%	1,470,631	1.40%	(358,131)	-24.35%
Intergovernmental	1,510,204	1.39%	1,031,879	0.98%	478,325	46.35%
Investment income (loss)	53,299	0.05%	62,188	0.06%	(8,889)	-14.29%
Miscellaneous income	458,826	0.42%	385,719	0.37%	73,107	18.95%
In-Kind contributions	20,831,737	19.13%	18,744,057	17.86%	2,087,680	11.14%
Total revenues	<u>\$ 108,916,537</u>	<u>100.00%</u>	<u>\$ 104,935,507</u>	<u>100.00%</u>	<u>\$ 3,981,030</u>	<u>3.79%</u>

The following provides an explanation of revenues by source that changed significantly over the prior year.

- Grant revenue increased by \$1,708,938 during the fiscal year, primarily due to: a 1.77 percent Cost-of-Living Adjustment (COLA) funding increase received for all Head Start programs; one-time program improvement funds received for the Head Start program; an increased standard reimbursement rate received from California Department of Education (CDE); an increased program contract to expand CDE programs; and increased funding from the Office of Refugee Resettlement (ORR) for the Refugee Support Services (RSS) program.
- Childcare food revenue decreased by \$358,131 due to the COVID-19 pandemic. Childcare food revenue is earned through meals served to participants enrolled in the center-based Head Start and CDE programs. School site closures from March 2020 through the end of the fiscal year resulted in a decrease in earnings for the childcare food program.
- Intergovernmental revenue increased by \$478,325, primarily due to the new funding received from Los Rios Community College and the Golden Sierra Job Training Agency.
- Head Start In-Kind contributions increased by \$2,087,680 during the fiscal year. This increase is due to increased state funds received that benefited the Head Start program.

SACRAMENTO EMPLOYMENT AND TRAINING AGENCY

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

Expenditure Analysis: Expenditures for the year ended June 30, 2020, totaled \$108,873,387. The table below presents the expenditures summarized by granting source.

Expenditures Classified by Expenditure Source Governmental Funds						
Expenditures by Source	FYE 2020 Amount	Percent of Total	FYE 2019 Amount	Percent of Total	Increase/ (Decrease)	Percentage Change
Head Start / Early Head Start	\$ 79,643,264	73.15%	\$ 77,236,179	73.75%	\$ 2,407,085	3.12%
Workforce Development	13,101,032	12.03%	14,295,504	13.65%	(1,194,472)	-8.36%
Refugee Support Services	4,025,119	3.70%	2,782,240	2.66%	1,242,879	44.67%
Child Care Food Program	1,110,175	1.02%	1,467,009	1.40%	(356,834)	-24.32%
California Department of Education	6,789,488	6.24%	4,673,298	4.46%	2,116,190	45.28%
Community Services Block Grant	2,233,692	2.05%	1,783,956	1.70%	449,736	25.21%
Targeted Refugee Assistance	-	0.00%	558,322	0.53%	(558,322)	-100.00%
CalWORKS	911,747	0.84%	1,072,644	1.02%	(160,897)	-15.00%
Other	1,058,870	0.97%	853,018	0.81%	205,852	24.13%
	<u>\$ 108,873,387</u>	<u>100.00%</u>	<u>\$ 104,722,170</u>	<u>100.00%</u>	<u>\$ 4,151,217</u>	<u>3.96%</u>

The following provides an explanation of expenses by fund that changed significantly over the prior year.

- Head Start/Early Head Start program costs increased due to a 1.77 percent COLA received, one-time program improvement projects, and offsetting expenditures relating to increased In-Kind contributions.
- Workforce Development program costs decreased due to various discretionary programs ending during or just prior to the fiscal year.
- Refugee Support Services program costs increased due to increased funding received from ORR based on revised allocation methodologies, and the incorporation of Targeted Assistance funding into the Refugee Support Services program. The majority of RSS expenditures are incurred by subrecipients.
- Childcare food program costs decreased due to the COVID-19 pandemic. School site closures from March 2020 through the end of the fiscal year resulted in a decrease in expenditures for the childcare food program.
- California Department of Education program costs increased due to an increased standard reimbursement rate and the expansion of CDE programs to additional classrooms.
- Community Services Block Grant (CSBG) program costs increased due to an increase in need during the fiscal year.
- Targeted Refugee Assistance program funding was combined with Refugee Support Services during the 2020 fiscal year by the Office of Refugee Resettlement.

SACRAMENTO EMPLOYMENT AND TRAINING AGENCY

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

The table below presents the expenditures summarized by type.

Expenditures by Type	Expenditures Classified by Type General Fund			
	FYE 2020 Amount	Percent of Total	FYE 2019 Amount	Percent of Total
Salaries	\$ 28,450,473	26.13%	\$ 24,981,661	23.86%
Fringe Benefits	14,865,050	13.65%	13,522,484	12.91%
Space Costs	3,336,923	3.06%	3,209,265	3.06%
Services & Supplies	5,341,705	4.91%	5,740,389	5.48%
Equipment Expense	500,349	0.46%	1,757,975	1.68%
Subrecipient Costs	35,547,150	32.65%	36,766,339	35.11%
In-Kind Match	20,831,737	19.13%	18,744,057	17.90%
	<u>\$ 108,873,387</u>	<u>100.00%</u>	<u>\$ 104,722,170</u>	<u>100.00%</u>

As noted above, SETA's largest expenses are subrecipient costs, staff salaries, and fringe benefits. The Head Start In-Kind match has no financial impact on the agency and serves only as a reporting item.

GENERAL FUND BUDGETARY HIGHLIGHTS

SETA had a \$4 increase from the original budget of \$94,062,055 to the final budget of \$94,062,059. The increase was due to a clerical error on the CalWORKS budget line item. The revenues of \$88,637,344 were less than the final budget by \$5,424,715. The expenditures of \$88,041,650 were less than the final budget by \$6,020,409. Expenditures and revenues were less than budgeted due to grant funding periods crossing over multiple fiscal years allowing SETA to carry forward the remaining balances of the grant into the next fiscal year.

The Head Start In-Kind match is not included in the agency budget.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets: SETA's investment in capital assets as of June 30, 2020, amounted to \$4,054,918 (net of accumulated depreciation). The \$779,697 increase from the prior year is due to the purchase of a modular building and vehicles for the Head Start program as approved through the US Department of Health and Human Services.

Debt Administration: SETA has no long-term debt.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

SETA's budget for next year will vary based on final allocated funding by the Department of Labor under the Workforce Innovation and Opportunity Act and the Department of Health and Human Services under the Head Start Act. Additional funding is anticipated due to the COVID-19 pandemic.

<p>Revenues in the statement of activities, which do not provide current financial resources are not reported as revenues in governmental funds.</p>		
Change in unavailable revenue		<u>552,544</u>
Change in Net Position of Governmental Activities	\$	<u><u>(6,424,568)</u></u>

Note 1 - Significant Accounting PoliciesThe Reporting Entity

The Sacramento Employment and Training Agency (SETA) was organized in 1978 and operates under a joint powers agreement between the City and County of Sacramento. SETA administers human service programs with financial assistance provided by the Federal and State governments and private sources.

Basis of Presentation

Government-wide financial statements – The statement of net position and the statement of activities display information about SETA, as a whole. These statements include the financial activities of the primary government.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of SETA's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Program revenues include grants and contributions that are restricted to meeting the operations of a particular program. Revenues which are not classified as program revenues are presented as general revenues of SETA. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenue of SETA which is unrestricted investment earnings.

Fund financial statements – Fund financial statements report more detailed information about SETA. The focus of governmental fund financial statements is on major funds rather than reporting funds by type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using the current financial resources measurement focus. The financial statements for governmental funds include a Balance Sheet, which generally includes only current assets and current liabilities, and a Statement of Revenues, Expenditures, and Changes in Fund Balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

SETA maintains one major governmental fund, the General Fund. The General Fund is used to account for the operations of SETA. Generally, the proceeds of specific revenue sources are restricted to expenditures for specific purposes.

Basis of Accounting

Basis of accounting refers to when transactions are recorded in the financial records and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental fund financial statements use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to pay liabilities of the current period. For SETA, “available” means collectible within the current period or within 120 days after year end, depending on revenue source. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received, or services rendered). Many of SETA’s programs are funded by “cost-reimbursement” grants from Federal and State agencies. For those grants, revenue is recognized as earned when the related expenditures are incurred.

When both restricted and unrestricted resources are available for use, it is SETA’s policy to use restricted resources first, then unrestricted resources as they are needed. When all types of fund balance resources are available, it is SETA’s policy to first use the most restrictive form of fund balance, then use the less restrictive resources.

Cost Allocation Plan

All costs are distributed to programs in accordance with a Cost Allocation Plan. SETA reviews, updates and certifies its cost allocation plan annually, which is on file in the main office. SETA allocates its costs based on the relative benefit received by the programs or activities.

Capital Assets

Capital assets are tangible or intangible assets with an acquisition cost of \$5,000 or more, and having a useful life of more than one year. Contributed assets are reported at acquisition value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on a straight-line basis over the following estimated useful lives:

Asset Class	Years
Buildings	20-30
Machinery and Equipment	5
Computer Software	3-10

Deferred Outflows/Deferred Inflows of Resources

In addition to assets, the statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then. Conversely, deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

Contributions made to SETA's pension plan after the measurement date but before the fiscal year end are recorded as a deferred outflow of resources and will reduce the net pension liability in the next fiscal year.

Additional factors involved in the calculation of SETA's pension expense and net pension liability include the differences between expected and actual experience, changes in assumptions, differences between projected and actual investment earnings, changes in proportion, and differences between SETA's contributions and proportionate share of contributions. These factors are recorded as deferred outflows and inflows of resources and amortized over various periods. See Note 7 for further details related to these pension related deferred outflows and inflows.

Benefits provided by SETA's OPEB plan after the measurement date but before the fiscal year end are recorded as a deferred outflow of resources and will reduce the OPEB liability in the next fiscal year.

Additional factors involved in the calculation of SETA's OPEB expense and OPEB liability include the changes in assumptions and differences in expected and actual experience. These factors are recorded as deferred outflows and inflows of resources and amortized over various periods. See Note 8 for further details related to these OPEB deferred outflows and inflows.

Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as liabilities of SETA on the government-wide financial statements. SETA employees are granted vacation in varying amounts, depending upon the employee's length of service. These hours are accrued for all employees on the basis of bi-weekly payrolls. Upon separation, employees are paid for accumulated vacation days. All vacation pay is accrued when incurred in the government-wide financial statements as compensated absences.

Pensions

For purposes of measuring the net pension liability, pension expense, and deferred outflows/inflows of resources related to pensions, information about the fiduciary net position of SETA's portion of Sacramento County Employees' Retirement System (SCERS) and additions to/deductions from SCERS' fiduciary net position have been determined on the same basis as they are reported by SCERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Net Position and Fund Balance

The government-wide financial statements utilize a net position presentation. Net position is categorized as follows:

Investment in Capital Assets – This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt, if any, that are attributable to the acquisition, construction, or improvement of these assets, reduce the balance in this category.

Restricted Net Position – This category represents net position of SETA with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments or (2) laws through constitutional provision or enabling legislation.

Unrestricted Net Position – This category represents net position of SETA that does not meet the definition of investment in capital assets or restricted.

The governmental fund statements utilize a fund balance presentation. Fund balances are categorized as nonspendable, restricted, assigned, and unassigned.

Nonspendable – This category presents amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. At June 30, 2020, SETA has \$326,708 for prepaid items that are considered not in a spendable form.

Assigned Fund Balance – This category presents those portions of the fund balance that are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. SETA management has the authority to assign portions of fund balance. At June 30, 2020, SETA has \$2,551,205 assigned to cover the outstanding compensated absences balance.

Unassigned Fund Balance – This category presents those portions of the fund balance that do not fall into nonspendable, restricted, committed or assigned and are spendable.

Recently Issued and Adopted Accounting Pronouncements

GASB Statement No. 95 – In May 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authority Guidance*. The objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The requirements of this Statement are effective immediately as they delayed the effective dates of several GASB Statements. The effective dates listed in the Future Governmental Accounting Standards Board (GASB) Pronouncement section have been updated to reflect the postponed effective dates. This statement was implemented by SETA as of July 1, 2019.

Note 2 - Cash and Investments

Cash and investments as of June 30, 2020 are classified in the accompanying financial statements as follows:

Cash and Investments	\$ 1,456,866
Restricted cash and investments	<u>661,286</u>
Total Cash and Investments	<u><u>\$ 2,118,152</u></u>

Cash in Sacramento County Treasury

The County of Sacramento Treasurer is designated as the treasurer and depository of SETA’s cash and investments. Cash receipts are deposited, and warrants are drawn against the balance of SETA’s cash on deposit. Under Board resolution, excess cash balances are invested in the County of Sacramento’s external investment pool. Interest income is prorated to SETA based on the average cash balance maintained in the pool. Interest earned on grant funds is remitted to the grantors or used for program purposes. The Treasury’s investment pool is subject to regulatory oversight by the Treasury Oversight Committee, as required by California Government Code Section 27134. The value of the pool shares which may be withdrawn is valued at fair value. The Treasury’s investment pool is an external investment pool that is not rated, and is not registered with the Securities and Exchange Commission (SEC). For further information regarding the Treasury’s investment pool, refer to the County of Sacramento Comprehensive Annual Financial Report.

The Treasurer is authorized to deposit cash and invest excess funds in accordance with California Government Code Section 53648 et seq and the County’s investment policy, if more restrictive. The funds maintained by the Treasury are either secured by federal depository insurance or are collateralized.

The Treasury is restricted by Government Code Section 53635, pursuant to Section 53601, to invest in time deposits; U.S. government securities; state registered warrants, notes, or bonds; the State Treasurer’s investment pool; bankers’ acceptances; commercial paper; negotiable certificates of deposit; and repurchase or reverse repurchase agreements.

The investment policy and a number of reports regarding investment positions and performance of the external investment pool are available at the County of Sacramento webpage.

Restricted Cash and Investments

Restricted cash and investments is the amount of reserves held by SETA in accordance with an agreement with the State.

Sacramento Employment and Training Agency (SETA)

Notes to Financial Statements (Continued)

June 30, 2020

Investments Authorized by SETA’s Investment Policy

By Board resolution, SETA has adopted the investment policy of the County of Sacramento external investment pool. The table below identifies the investment types authorized for SETA by the California Government Code Section 53601 and the County of Sacramento’s investment policy. This table also identifies certain provisions of the California Government Code that address interest rate risk, credit risk, and concentration of credit risk.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment in One Issuer</u>
U.S. Treasury Notes and Agency Obligations	5 years	100%	None
Washington Supranational Obligations	5 years	30%	10%
Municipal Notes	5 years	80%	10%
Registered State Warrants	5 years	80%	10%
Bankers Acceptances	180 days	40%	10%
Commercial Paper	270 days	40%	10%
Negotiable Certificates of Deposit	180 days	30%	10%
CRA Bank Deposits/Certificates of Deposit	1 year	30%	10%
Repurchase Agreements	1 year	30%	10%
Reverse Repurchase Agreements	92 days	20%	10%
Medium-Term Corporate Notes	180 days	30%	10%
Collateralized Mortgage Obligations	180 days	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Local Agency Investment Funds (LAIF)	N/A	\$65M/account	N/A

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the fair values of investments with longer maturities have a greater sensitivity to changes in market interest rates. As of June 30, 2020, the weighted average maturity of the investments contained in the Treasury investment pool is approximately 281 days.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Treasury investment pool does not have a rating provided by a nationally recognized statistical rating organization.

Fair Value Measurements

Custodial Credit Risk

This is the risk that in the event a financial institution or counterparty fails, SETA would not be able to recover the value of its deposits and investments. As of June 30, 2020, SETA has cash deposits with the County of Sacramento Investment Pool in excess of the federal depository insurance limits of \$250,000 and remaining cash deposits with the Treasury investment pool were collateralized by the pledging institutions as required by California Government Code Section 53652.

Sacramento Employment and Training Agency (SETA)

Notes to Financial Statements (Continued)

June 30, 2020

SETA categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs and Level 3 inputs are significant unobservable inputs.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. SETA's assessment of the significance of particular inputs to these fair value measurements requires judgment and consideration factors specific to each asset or liability.

Deposits and withdrawals are made on the basis of \$1 and not fair value, accordingly, SETA's proportionate share of investments in the County of Sacramento Investment Pool at June 30, 2020 of \$2,118,152 is an uncategorized input, not defined as a level 1, level 2 or level 3 input.

Note 3 - Accounts Receivable

Accounts receivable consisted of the following as of June 30, 2020:

	General Fund
Due from Federal government	\$ 7,316,775
Due from State government	1,895,594
Miscellaneous receivables	165,281
Totals	<u>\$ 9,377,650</u>

Sacramento Employment and Training Agency (SETA)

Notes to Financial Statements (Continued)

June 30, 2020

Note 4 - Capital Assets

The change in capital assets (which consists primarily of office and program related equipment) were as follows:

	Balance July 1, 2019	Additions	Deductions	Balance June 30, 2020
Capital assets, not being depreciated:				
Land	\$ 66,308	\$ -	\$ -	\$ 66,308
Capital assets, being depreciated:				
Building	2,294,707	1,020,000	-	3,314,707
Machinery and equipment	12,141,169	249,010	(28,548)	12,361,631
Total Capital Assets, Being Depreciated	14,435,876	1,269,010	(28,548)	15,676,338
Less accumulated depreciation for:				
Building	(193,493)	(122,520)	-	(316,013)
Machinery and equipment	(11,033,470)	(366,793)	28,548	(11,371,715)
Total Accumulated Depreciation	(11,226,963)	(489,313)	28,548	(11,687,728)
Total Capital Assets, Being Depreciated, Net	3,208,913	779,697	-	3,988,610
Governmental Activities Capital Assets, Net	\$ 3,275,221	\$ 779,697	\$ -	\$ 4,054,918

For the year ended June 30, 2020, depreciation expense was charged to programs/functions as follows:

<u>Governmental activities:</u>	
Workforce Development	\$ 215,223
Head Start/Early Head Start	216,527
Community Services Block Grant	19,701
Child Care Food Program	6,162
Refugee Support Services	14,407
Other	17,293
Total Depreciation Expense	\$ 489,313

Note 5 - Compensated Absences

Compensated absences liability activity for the year ended June 30, 2020, was as follows:

	<u>Balance July 1, 2019</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance June 30, 2020</u>	<u>Due Within One Year</u>
Compensated Absences	\$ 1,999,526	\$ 1,984,602	\$ 1,432,923	\$ 2,551,205	\$ 579,261

Note 6 - Operating Leases

SETA leases certain office space under noncancellable operating lease agreements. Total lease payments for the year were \$3,051,257. Future minimum lease payments are as follows:

<u>Year Ending June 30,</u>	<u>Total</u>
2021	\$ 2,664,036
2022	2,256,340
2023	2,224,331
2024	2,179,193
2025	1,790,826
2026-2030	2,914,692
Total	\$ 14,029,418

Note 7 - Employee Retirement Plan

Plan Description

SETA participates in Sacramento County Employees Retirement System (SCERS), a cost-sharing multiple-employer defined benefit pension plan governed by the County Employees' Retirement Law of 1937. SCERS has two membership classes: Safety, for those involved in active law enforcement, fire suppression, and certain other classifications; and Miscellaneous, for all others. SETA only participates in the Miscellaneous membership class. The plan covers substantially all of the employees of SETA. SETA, the County of Sacramento, and other participating special districts are in a cost-sharing arrangement in which all risks and costs for the two membership classes are shared proportionately by participating entities.

On September 12, 2012, the California Legislature passed, and the Governor signed the "Public Employees' Pension Reform Act of 2013" (PEPRA). PEPRA contained a number of provisions intended to reduce future pension obligations. PEPRA primarily affects new pension plan members who are enrolled for the first time after December 2012.

SCERS issues a stand-alone financial report, which is available at its office, located in Sacramento, California or from www.scers.org.

Sacramento Employment and Training Agency (SETA)

Notes to Financial Statements (Continued)

June 30, 2020

Benefits Provided

The plan provides retirement, disability, death, and survivor benefits based on employees' years of service, age and final compensation. Benefit provisions and all other requirements are established and may be amended by State statute and Sacramento County ordinance.

The Plans' provisions and benefits in effect at June 30, 2020, and applicable to members employed at SETA, are summarized as follows:

	<u>Tier I</u>	<u>Tier III</u>	<u>Tier V (PEPRA)</u>
Hire date	Prior to September 27, 1981	September 27, 1981, to December 31, 2012	On or after January 1, 2013
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	50 and 10+ years of service	50 and 10+ years of service	52 and 5+ years of service

The monthly allowance for Tier I and Tier III members is calculated as follows: 1/90th of the first \$350 of final compensation, plus 1/60th of the excess final compensation times years of accrued retirement service credit times the age factor from California Government Code Section 31676.14 (ranging from 0.8850 percent at age 50, to 1.5668 percent at age 62 and older).

The monthly allowance for Tier V (PEPRA) members is calculated as follows: 1/90th of the first \$350 of final compensation, plus 1/60th of the excess final compensation times years of accrued retirement service credit times the age factor from California Government Code Section 7720.20(a) (ranging from 1.000 percent at age 52, to 2.500 percent at age 67 and older).

Contributions

Pursuant to provisions of the 1937 Act, the Retirement Board recommends the annual contribution rates for adoption by the County Board of Supervisors, based on the recommendations of the SCERS consulting actuary. The actuarially determined contribution rate is determined as a percentage of payroll, and is the estimated amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Changes to contribution rates are effective on July 1st. SETA's contractually required contributions rates for the year ended June 30, 2020, were as follows:

	<u>Tier I</u>	<u>Tier III</u>	<u>Tier V (PEPRA)</u>
Employer	30.00%	31.97%	25.34%
Employee	3.97% of first \$161 of biweekly compensation, plus 5.95% of biweekly compensation over \$161	3.70% of first \$161 of biweekly compensation, plus 5.55% of biweekly compensation over \$161	9.37% of biweekly compensation

Total employer contributions to SCERS from SETA was \$8,338,463 for the year ended June 30, 2020.

Sacramento Employment and Training Agency (SETA)

Notes to Financial Statements (Continued)

June 30, 2020

Pension Liabilities, Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2020, SETA reported a liability of \$56,085,569 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability for the Plan used to calculate the net pension liability was by an actuarial valuation as of June 30, 2019, with separate calculations for each membership class. A separate net pension liability is calculated for each membership class by reducing the applicable total pension liability by a proportional share of the plan fiduciary net position. SETA's proportion of the net pension liability was based on the ratio of SETA's actual employer contributions in the measurement period to total actual contributions received for Miscellaneous members of SCERS in the measurement period, multiplied by the net pension liability attributed to the Miscellaneous membership class. SETA's proportionate share of the net pension liability for the Miscellaneous membership class was 5.018 percent. At June 30, 2019, SETA's proportionate share of the total SCERS net pension liability (both Safety and Miscellaneous membership classes) was 2.704 percent, which was a decrease of 0.165 percent from its proportion measured as of June 30, 2018.

For the fiscal year ended June 30, 2020, SETA recognized pension expense of \$15,576,813. At June 30, 2020, SETA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
SETA contributions subsequent to measurement date	\$ 8,338,463	\$ -
Differences between expected and actual experience	2,331,435	566,285
Changes of assumptions	8,537,536	-
Net differences between projected and actual earnings on pension plan investments	-	8,251,840
Changes in proportion and differences between employer's contributions and proportionate share of contributions	1,049,356	992,997
Total	\$ 20,256,790	\$ 9,811,122

Sacramento Employment and Training Agency (SETA)

Notes to Financial Statements (Continued)

June 30, 2020

The \$8,338,463 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ending June 30,	Total
2021	\$ 4,816,994
2022	(1,016,353)
2023	(1,526,900)
2024	(166,536)
Total	\$ 2,107,205

Actuarial Assumptions

For the measurement period ended June 30, 2019 (measurement date), the total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry-Age Actuarial Cost Method
Actuarial Assumptions:	
Discount Rate	7.0%
Inflation	3.0%
Salary Increases	4.5% to 10.75% (1)
Investment Rate of Return	7.0% (2)
Mortality:	
Healthy	Headcount-Weighted RP-2014 Healthy Annuitant Mortality Table projected generationally with the two-dimensional scale MP-2016 set forward one year for males and no age adjustment for females
Disabled	Headcount-Weighted RP-2014 Healthy Annuitant Mortality Table projected generationally with the two-dimensional scale MP-2016 set forward seven years for males and set forward eight years for females

(1) Varies by service, including inflation

(2) Net of pension plan investment expenses, including inflation

These and all other actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2016.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Sacramento Employment and Training Agency (SETA)

Notes to Financial Statements (Continued)

June 30, 2020

The table below reflects the target allocation and best estimates of arithmetic real rates of return for each major asset class, after deducting inflation, but before deducting investment expenses.

Asset Class	Long-Term Expected Expected Rate of Return	Target Allocation
U.S Large Cap Equity	5.61%	17.00%
U.S. Small Cap Equity	6.37%	4.00%
International Developed Equity	6.96%	16.00%
Emerging Markets Equity	9.28%	4.00%
High Yield Bonds	3.65%	1.00%
Bank Loans	2.96%	1.00%
Growth Oriented Absolute Return	4.97%	3.00%
Private Equity	8.70%	9.00%
Private Credit/Private Debt	5.10%	4.00%
Core/Core Plus Bonds	1.06%	10.00%
Global Bonds	0.07%	3.00%
U.S. Treasury	0.16%	5.00%
Diversifying Absolute Return	3.04%	7.00%
Private Real Estate	4.37%	7.00%
Private Real Assets	7.74%	7.00%
Commodities	3.76%	2.00%
Total		100.00%

Discount Rate

The discount rate used to measure the total pension liability was 7.00 percent for the Plan. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of SETA’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents SETA’s proportionate share of the net pension liability of the Plan as of the measurement date, calculated using the discount rate of 7.00 percent, as well as what SETA’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.00 percent) or 1 percentage-point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
SETA's Proportionate Share of Net Pension Liability	\$ 100,429,583	\$ 56,085,569	\$ 19,856,769

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued SCERS financial reports available on their website at <http://www.SCERS.org>.

Note 8 - Other Postemployment Benefits

Plan Description

SETA’s defined benefit OPEB plan is a single-employer defined benefit OPEB plan administered by SETA. The plan provides medical insurance and dental insurance, and subsidy/offset payments as authorized and amended by the SETA Governing Board on an annual basis. The Board must approve the benefit annually or it is terminated. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

All annuitants are eligible to enroll in a retiree medical and/or dental insurance plan in a given calendar year if (1) they began receiving a continuing retirement allowance from SCERS during that calendar year, or (2) they were enrolled in the annual plan previously approved by the County, or (3) they previously waived coverage but elected to enroll during the County authorized enrollment period with a coverage date effective January of the given calendar year.

The amount of any dental subsidy/offset payments made available to annuitants is set by the SETA Governing Board. Neither SETA nor the SCERS guarantees that a subsidy/offset payment will be made available to annuitants for the purchase of medical and/or dental insurance. Subsidy/offset payments are not a vested benefit of SETA employment or SCERS membership.

The amount of subsidy/offset payment, if any, payable on account of enrollment in a sponsored retiree medical and/or dental insurance plan shall be established within the sole discretion of the SETA Governing Board.

Benefits Provided

Annuitants who retired for any reason on or before August 31, 2007 are eligible to receive a SETA-paid medical insurance subsidy/offset payment during calendar year 2020. Annuitants who retired after August 31, 2007 are not entitled to any subsidy/offset payment. The amount of any medical subsidy/offset payments made available to annuitants (who retired on or before August 31, 2007) is calculated based upon the annuitant's SCERS service credits. As of June 30, 2020, the amount of benefits paid was \$53,918.

Employees Covered by Benefit Terms

At June 30, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	44
Inactive employees entitled to but not yet receiving benefit payments	353
Active employees	533
	930
Total participants covered by OPEB Plan	930

Total OPEB Liability

As of June 30, 2020, SETA reported a liability of \$1,320,422 for its total OPEB liability. The total OPEB liability was measured as of June 30, 2019 and was determined by an actuarial valuation as of June 30, 2019.

Actuarial Assumptions

For the measurement period ended June 30, 2019, the total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry-Age Actuarial Cost Method
Actuarial Assumptions:	
Actuarial Valuation Date	June 30, 2019
Discount Rate	3.50%
Inflation	2.75%
Salary Increases	3.00%
Mortality, Retirement, Disability, Termination Merit Payroll Increases	SCERS 6/30/19 valuation assumptions
Mortality Improvement	Post-retirement mortality projected fully generational with Scale MP-2019
Healthcare Cost Trend Rate	7.25% for 2021, decreasing to an ultimate rate of 4.0% in 2076

Discount Rate

The discount rate used to measure the total OPEB liability was 3.50 percent for the Plan. The discount rate was based on the 20-Year General Obligation Bond Buyer Bond Index.

Changes of Assumptions: For the June 30, 2019 measurement period, the discount rate decreased from 3.87 percent to 3.50 percent.

Sacramento Employment and Training Agency (SETA)

Notes to Financial Statements (Continued)

June 30, 2020

Changes in the Total OPEB Liability

The changes in the total OPEB liability, measured as of June 30, 2019 is as follows:

	Total OPEB Liability
Balance at June 30, 2019	\$ 2,338,834
Changes for the year:	
Service Cost	169,953
Interest	94,716
Actual versus expected experience	(181,381)
Assumption changes	(979,020)
Benefit payments	(122,680)
Net Changes	(1,018,412)
Balance at June 30, 2020	\$ 1,320,422

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of SETA as of the measurement date, calculated using the discount rate of 3.50 percent, as well as what SETA's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (2.50 percent) or 1 percentage-point higher (4.50 percent) than the current rate:

	1% Decrease (2.50%)	Current Discount Rate (3.50%)	1% Increase (4.50%)
Total OPEB Liability	\$ 1,411,074	\$ 1,320,422	\$ 1,235,496

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the total OPEB liability of SETA as of the measurement date, calculated using the current healthcare trend rate of 7.25 percent, as well as what SETA's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.25 percent) or 1 percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25% decreasing to 3.0% in 2076)	Current Trend (7.25% decreasing to 4.0% in 2076)	1% Increase (8.25% decreasing to 5.0% in 2076)
Total OPEB Liability	\$ 1,203,601	\$ 1,320,422	\$ 1,455,705

Sacramento Employment and Training Agency (SETA)

Notes to Financial Statements (Continued)

June 30, 2020

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2020, SETA recognized OPEB expense of \$63,848. At June 30, 2020, SETA reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Benefits provided subsequent to measurement date	\$ 53,918	\$ -
Differences between expected and actual experience	-	154,309
Changes of assumptions	-	950,035
Total	\$ 53,918	\$ 1,104,344

The \$53,918 reported as deferred outflows of resources related to benefits provided subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the fiscal year ending June 30, 2021. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized as OPEB expense as follows:

Year Ending June 30,	Total
2021	\$ (200,821)
2022	(200,821)
2023	(200,821)
2024	(200,821)
2025	(179,823)
Thereafter	(121,237)
Total	\$ (1,104,344)

Note 9 - Commitments and Contingencies

SETA has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is management's opinion that any required reimbursements would not be material.

Note 10 - Related Party Transactions

During the current year, the County of Sacramento Department of Human Assistance provided funding in the amount of \$911,747 for the operation of SETA's "one-stop" employment centers and other workforce development programs. Through its banking relationship with the County of Sacramento Treasury, substantially all of SETA's cash receipts, payment transactions, purchasing and payroll processing are processed by the County. During 2020, the County charged fees of \$135,191 for these services.

Note 11 - Matching Funding and Non-Monetary Exchanges

SETA operates Head Start programs for the City and County of Sacramento under a grant from the Federal government. Under the terms of that grant, SETA and its delegate agencies are required to provide non-federal match of 20 percent of the total cost of the program. During the current fiscal year, the amount of matching funding provided (in-kind match) was \$20,831,737 which is 26 percent of the total program cost.

Some matching funds are provided in the form of non-monetary items such as parent and partner involvement hours. The value of these non-monetary exchanges is determined using market measures of value.

Note 12 - Risk Management

SETA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. SETA purchased insurance coverage for commercial property, commercial general liability, commercial auto, fiduciary liability, director's and officer's liability, employment practices liability, umbrella coverage, workers compensation, and employee dishonesty.

The premium cost of SETA's workers compensation insurance coverage is subject to annual adjustment based on SETA's loss experience. At the present time, the amount of this adjustment, if any, is not determinable.

For the last three (3) years, SETA did not experience any loss exceeding insurance coverage.

Note 1 - Budgetary Information

SETA's annual expenditure budget is approved by SETA's Governing Board and adopted for SETA through the City and County of Sacramento's executive and legislative process. SETA is not authorized to exceed total budgeted expenditures. Any amendments that increase total budgeted expenditures must be approved by the Governing Board, as well as the City and County of Sacramento. There was no amendment to the original budget presented in the Schedule of Revenues, Expenditures and Changes in Fund Balance Budget and Actual – General Fund during the year ended June 30, 2020.

Sacramento Employment and Training Agency (SETA)

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Governing Board
Sacramento Employment and Training Agency
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of the Sacramento Employment and Training Agency (SETA) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise SETA's basic financial statements and have issued our report thereon dated December 2, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered SETA's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness SETA's internal control. Accordingly, we do not express an opinion on the effectiveness of SETA's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether SETA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including requirements of the California Department of Education, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Governmental Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Sacramento, California
December 2, 2020

Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance

To the Governing Board
Sacramento Employment and Training Agency
Sacramento, California

Report on Compliance for Each Major Federal Program

We have audited the Sacramento Employment and Training Agency's (SETA) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of SETA's major federal programs for the year ended June 30, 2020. SETA's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of SETA's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about SETA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of SETA's compliance.

Opinion on Each Major Federal Program

In our opinion, SETA complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of SETA is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered SETA's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of SETA's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal and state award activity of Sacramento Employment and Training Agency (SETA) under programs of the federal and state government for the year ended June 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Actual expenditures of SETA differ from the amounts presented in this schedule. The Schedule does not include Pension or OPEB expenditures in the amount of \$7,248,280, vacation accrual expenditures in the amount of \$551,678, net depreciation expenditures of \$779,697, and SETA's in-kind match of \$20,831,737. Because the Schedule presents only a selected portion of the operations of SETA, it is not intended to and does not present the financial position or changes in net position or fund balance of SETA.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3 - Pass-Through Entities' Identifying Number

When federal awards were received from a pass-through entity, the schedule of expenditures of federal awards shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, SETA has determined that no identifying number is assigned for the program or SETA was unable to obtain an identifying number from the pass-through entity.

Note 4 - Indirect Cost Rate

SETA has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.
